

## SaFTFlo® Wide Angle Foamer

The SaFTFlo® Wide Angle Foamer works with the Single Flow Portable Dispensing Unit (no airgap) with a 2 GPM flow unit.

Giving a fan pattern spray, it produces a denser foam which gives a better coverage and enables a superior cleaning ability, which over all offers time saving benefits.

### Key Features

- 2GPM Flow Unit
- Dual Metering Dilution
- Set Dilution
- Shut off chemical for rinse
- Fan pattern spray
- Can be attached to 1/4 inch hose, creating a foaming wand

For superior performance results, use the SaFTFlo® PDU Foamer in conjunction with our full line of liquid containment and dispensing products from the SaFTFlo® Fluid Management Systems.
