

SaFTGreen™ MS Insert

The SaFTGreen™ MSV (mechanical slide valve) offers the traditional mechanical slide valve insert option without the use of metal.

With the launch of the patented GREENSPRING™, an elastomer replacement spring is used, giving the insert a much higher level of chemical compatibility and a longer shelf life.

Works with the current SaFTFlo® Cap Adapters and the New SaFTGreen™ Pierce Pin Cap Adapter.

Key Features

- More versatile than competitors due to higher compatibility with chemicals.
- Backwards compatible, i.e. can be used with current cap adapters
- 2-way venting
- No metal parts in assembly
- Lower manufacturing impact on the environment

Materials / Options

- Tamper Evident compatible
- Key lock combinations
- Metering tip options
- Standard and medium flow rates
- Venting: PE Foam Liner / PTFE Membrane
- Sizes: 28mm, 38mm, 40mm, 53mm, 60mm, 63mm, 70mm, Bungs

For superior performance results, use the SaFTGreen™ MSV Inserts in conjunction with our full line of liquid containment and dispensing products from the SaFTFlo® Fluid Management Systems.

*Please note adding some of the options above, will reduce the ability to recycle the insert, including adding color.
