

Pouch Adapter

PATENT: 10,399,844
MADE IN THE USA

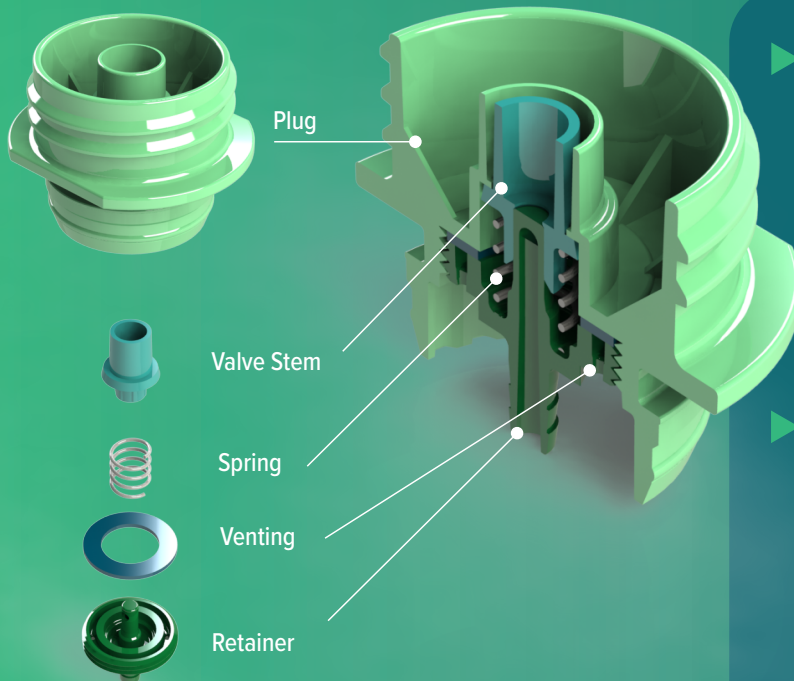

Safest Solution for the Containment & Dispensing
of Chemical Concentrate from Bag Containers

► What is it and what does it do?

The **SafTFlo® Pouch Adapter** offers a Closed Loop containment and dispensing solution for bag containers. The only one of a kind in the marketplace.

The **Pouch Adapter** is increasingly popular for chemical concentrates because of the cost savings associated with using them. Due to their space saving properties, they reduce shipping costs, and product waste is minimized as end-users can empty 100% of chemicals from the bag.

► BENEFITS

- Unique Closed Loop system for bag containers
- End-user can dispense directly from the bag
- Complete evacuation of chemical eliminates waste
- Prevents leaks and spills during transportation
- Increased safety for handlers and end-users

► KEY FEATURES

- Fully Closed Loop system
- Available in standard flow rates
- Works with the 38mm **SafTFlo®** cap adapters
- Materials Included:
 - Plug: Polypropylene/HDPE
 - Venting: PE Foam Liner
 - Spring: Hastelloy, Stainless Steel or GreenSpring®
- 32 dilution rates available
- Key locks available
- Please contact your sales representative for color options
